

Entity Assumptions:

- Each Hostel has a unique Hostel_ID, and attributes including Capacity and Hostel_Name.
- Each Student has a unique ID, and attributes including First_Name, Last_Name, Gender, and Date_of_Birth(D.O.B).
- A Student may have multiple phone numbers.
- Each Room has a unique Room_ID, and attributes including Floor_Number, Capacity, and Status.
- Each Staff member has a unique Staff_ID, and attributes including Name, Salary, and Role.
- A Staff member may have multiple phone numbers.
- Each Staff member has an optional Staff_Supervisor_ID that references another Staff member Staff_ID (the supervisor).
- Each Fee has a unique Payment_ID, and attributes including Payment_Date, Payment_Method, and Amount.

Entity-Relationship Assumptions:

- Each Hostel must have many Rooms, and each Room must belong to one Hostel.
- Each Hostel may have many Students, but each Student must belong to one Hostel.

- Each Hostel must be managed by multiple Staff members, and each Staff member must work in one Hostel.
- Each Student must be assigned to one Room, but each Room may be assigned to many Students.
- Each Student has a Start_Date(ST_Date) when assigned to a Room.
- Each Student may pay many Fees, but each Fee must be paid by one Student.
- One Staff member (Supervisor) must supervise many Staff members, and each Staff member must report to one Supervisor.
